EDUCATION

Illinois Institute of Technology

B.S. in Artificial Intelligence

Minor in Statistics

Major GPA: 3.8

August 2018-May 2022

PROJECTS

Reinforcement Learning Project

- Currently working in a team of 4 to make a RL model for district division in the state of Iowa, we are currently at our initial data exploration phase.

USustain

- Worked in a Team of 5 to build a crowdfunding App to help students pay for their meals to support themselves through college. This product was made in partnership with PayPal/Venmo. We were able to get 2nd place.

Utilized - ReactJS with Material UI, PostgreSQL, SpringBoot

Personal Portfolio Website

- Utilized mostly vanilla Javascript, HTML and CSS to make my portfolio website. Launched it using AWS Amplify. I will be making more changes to it within the next couple of days.

Website link - <https://dev7217.d2dhvulb1pi9be.amplifyapp.com/>

(domain name might change to zawadsadaf.com by the time this is checked)

Electricity in Rural Areas Project

- Worked in a team to make a proper business plan to help the villagers of Fateh Nagla get access to cheap, self-sustaining and renewable electricity. We were planning on scaling up our project to other rural areas.
